

# Comprehensive Data Management Solutions

**For High-Quality,  
Submission-Ready Data**

IDDI customizes clinical data management services to meet your needs to deliver timely, accurate, and quality data.

## End-to-End Data Management Support

Elevating database setup through cleaning, reporting, and database lock with regulatory-compliant tools

**Focusing on data integrity**

## Electronic Data Capture - EDC

eCRF setup with Marvin, Rave, or Veeva EDC

**Enabling seamless data flow and faster trials**

## Data Conversion to CDISC SDTM Standards

CDISC Registered Solutions Provider

**Ensuring clinical data ready for submission**

## Medical Coding

Classifying safety-related data using MedDRA and WHO-DDE dictionaries and our proprietary web system, ID-Code

**Improving clinical data consistency**

## Experienced Data Managers Focused on Data Accuracy and Integrity

With scientific backgrounds and broad experience across phases and therapeutic areas as well as in Rave, Marvin, and other EDC systems, your team stays with you from database setup to lock.

**Partner With IDDI  
for Uncompromising  
Excellence in Clinical  
Data Management**
