

Strategic Consulting

Optimize Your Clinical Development Strategy

IDDI's premium strategic consulting services help you design and launch clinical trials that ask the right questions, meet the stringent regulatory requirements of evidence, and put your program on the fast track.

Clinical Development Plans

Based on the available preclinical and clinical data, IDDI helps you determine the strategic decisions necessary for further clinical drug development and approval

Study Design

IDDI offers the medical expertise, biostatistical acumen, and profound regulatory knowledge required to design and execute clinical trials that ask the right questions

Regulatory Statistics

IDDI experts validate surrogate endpoints and diagnostic, prognostic, and predictive biomarkers to enhance your data credibility

Regulatory Support

IDDI offers expert guidance for IND and NDA submissions, biomarker approvals, pediatric exclusivity, orphan drug designations, and more

Significantly reduce your time to market. Maximize your regulatory approval chances.
